BIOGRAPHY

Dr. Irit Gordon is a Partner in the Life Sciences Group at Pearl Cohen's Tel Aviv office. As a Patent Attorney, Irit has extensive experience drafting freedom-to-operate and clearance opinions, specializing in the areas of pharmaceuticals, chemistry and biology. Her practice also includes patent drafting, worldwide patent prosecution, patent strategy planning and portfolio management. Irit handles patent oppositions in Israel in the areas of biotechnology and pharmaceuticals.

Prior to joining Pearl Cohen, Irit was a scientific researcher at Tel-Aviv University and at the Institute of Psychiatry in London, United Kingdom.
